

Several dark grey flame shapes are suspended by thin black lines from the top of the page. The background is a warm, golden-yellow gradient with subtle vertical lines.

The Council of Christians and Jews
are delighted to launch

Flickers of Hope

*A campaign using craft to shed light on
social injustice.*

**This Advent and Chanukkah join us in
spreading light and healing.**

Get your art tools ready and create a hanging
flame decoration, carefully inscribed with a key
call to action. Once complete, post your flame on
Social Media, or hang in a public space, to help
raise awareness and catalyse social change.

A faint, stylized illustration of a spool of thread and a pair of scissors is visible in the bottom left corner.

For a Flickers of Hope workshop pack, or for more
information, email esther.sills@ccj.org.uk
